

# ILR News Flash!

With our 2021 winter semester well underway, we want to take a moment to thank you all for your continued support and participation. It is wonderful to be able to provide these amazing courses that are being so appreciated by our members.

**Here are a couple of reminders as we continue to navigate the remote learning world:**

1. ZOOM links come to your email the day before a course in which you are registered.
2. Please check your SPAM or JUNK emails as many members are finding their links diverted due to the bcc sending option.
3. I will be sending emails this week to members who have overpaid and should expect a refund and to members who may still owe annual dues or class fees for this semester. Watch your emails!
4. Many of the lectures are recorded and can be viewed on our YouTube channel in case you miss a class or want to take another look.

5. On the YT channel, the recordings are now organized as “Playlists” for each course. This will make it easier for searching for a specific session. Recordings are uploaded on a weekly basis. You can also access the YT channel from the ILR website ([www.ilr352.org](http://www.ilr352.org)) under the LINKS heading.

Thank you, again, and stay happy, healthy, and active!
